# ABOUT US

EU-GaNoM – EU Grant advisors Network of Multipliers is a cooperation partnership in the field of Higher Education, co-funded by the Erasmus+ Programme of the European Union. Erasmus+ is the EU programme supporting education, training, youth and sport in Europe, managed by the European Commission and implemented in France by the Agence Erasmus+ France / Éducation Formation.

Coordinated by Nantes Université, the project brings together six universities from France, Sweden, Spain, Ukraine, Albania and Greece to strengthen the capacities of grant advisors and administrative staff in European project management through training, collaboration and networking.

The direct outcomes of EU-GaNoM will be the design of:

· a staff week course model, with hybrid methods.

· Sustainable training content for grant advisors and administrative staff on specific European project management topics and digitally accessible.

· an online repository and re-usable digital resources for easy access and sustainability of the project.

· in terms of training, at least 70 trained administrative staff from 6 different countries.

## Project Pillars & Activities

1. Staff Training Weeks (Transnational Capacity Building)
Equipping administrative staff and grant advisors through intensive, hands-on international training sessions (hosted successfully across partner institutions like Linnaeus University in Sweden and the University of Murcia in Spain).

2. Training Content Development
Designing specialized modular training content tailored for European project management, financial rules, and administrative workflows.

3. Networking & Dissemination Events
Presenting project outcomes at prominent European networks and platforms (such as Bestprac and Eracon), culminating in the Final Conference.
